### Agenda:

14:00 - 14:05 Anti-trust;

14:05 - 14:30 Latest information for the new regulation;

14:30 - 16:50 Discuss the action plan for the new regulation and supporting rules;

16:50 - 17:00 Any other business.

### Objective:

1. To share the latest information on the new regulation;
2. To set up the appropriate timeline and action plan for the new regulation issued.

## Minutes:

### 1. Latest information on new regulation

- ✧ **Issue date** - Probably the new regulation will be issued officially at this week, but no specific date. Generally speaking, the new regulation might be issued in 7 working-days after approval of the state council.
- ✧ **Implementation date** - It is estimated that the new regulation might be implemented at late of May/early of June. The implementation date of the new regulation will trigger the supporting rules to enforce.
- ✧ Most of the key supporting rules to the new regulation have formed the draft already. It seems that the supporting rules are ready for the new regulation implemented.

### 2. Action plan

#### Challenges:

- ✧ Very short "window period", suppose only 2-3 months;
- ✧ The policy of transition period is not clear;
- ✧ Supporting rules will be released for public commenting 20 working-days prior to the new regulation implementation date;
- ✧ Rotation of the ICAMA's staffs is ongoing until the mid of April, some key positions would change. e.g. the director of division, even the director general level etc.;

#### Solution:

- ✧ Form the final formal position paper.
- ✧ Take the opportunities of "window period before the new regulation implemented" to release our industry's suggestions to the key Govt. agencies and key person before the supporting rules commenting date.

#### Action plan:

Presumably the new regulation issued at the end of 3rd week of Feb..
